The Phoenix Automotive Press Association (PAPA) provides a forum for the exchange of ideas and information between the automobile industry and professional automotive journalists in Arizona. Although it believes strongly in the value of ideas and information, PAPA is a not-for-profit organization. Funds raised by PAPA in excess of those needed for operational expenses will be contributed to recognized charitable organizations or other causes, especially those that relate to driver education, highway safety and to enhancing the lives of Arizona residents in need.
